definitions

POPULATION SERVED — Population according to the 1980 (or later special) Census for all but district libraries. The latter provided population figures for their service areas.

NONRESIDENT FEE — Shown is the fee charged per family per year for use of this library. Exceptions are indicated by a footnote.

TOTAL TRANSACTIONS — The total direct circulation of all materials to library users. Includes interlibrary loans received from other libraries and reciprocal borrowing.

TOTAL STAFF IN FTE — Full-Time equivalence is figured on the basis of a 40-hour week. Includes professional staff, technical and clerical employees, and pages; but not maintenance staff, persons not paid by the library, or vacant positions.

FILMS — Includes 8mm and 16mm motion picture films, videotapes, videocassettes, and videodiscs.

EQUALIZED ASSESSED VALUATION — Equalized assessed valuation of real property reported in thousands of dollars. Information is taken from the abstracts on file with the Illinois Department of Revenue for the 1985 assessment year. For public libraries whose service area is in more than one county, a separate assessment and tax rate is shown for each county.

TAX RATE — Should be interpreted as follows: a tax rate of 0.12 is equal to 12 cents per $100 of assessed valuation. Information is taken from the abstracts on file with the Illinois Department of Revenue for the 1985 assessment year. The tax rate reported for all types of libraries is for general library use only and may not include rates levied by libraries for a variety of special purposes (e.g., social security or workers' compensation).

LOCAL GOVERNMENT RECEIPTS — The amount of revenue received by the library from local government sources during the fiscal year. Does not include working balance from previous year, income from tax anticipation warrants, revenue sharing, proceeds of a bond issue, or the monetary value of services provided free by the local government (e.g., rent or janitorial services). Does include all local taxes received, including both current and back taxes. Note that the receipts reported here include those from taxes levied over and above those for direct library service (e.g., audit tax, social security tax, and working cash fund tax). Includes income for the year in which the money is received.

TOTAL RECEIPTS — The total amount of money received by the library from all sources during the fiscal year, including state aid, revenue sharing, receipts for capital expenditures, gifts, etc. Does not include the working balance from the previous year, income from tax anticipation warrants, or the monetary value of services provided by the local government. Also excludes income (e.g., endowment monies) given directly to the Friends of the Library group instead of the library.

EXPENDITURES FOR WAGES AND SALARIES — Includes wages and salaries paid to all staff except maintenance personnel. Includes fringe benefits such as the library's contribution for insurance, social security, and Illinois Municipal Retirement Fund.

PRINT EXPENDITURES — includes expenditures for books, periodicals, microforms, and other printed materials.

AUDIOVISUAL EXPENDITURES — Includes expenditures for audiovisual and all other non-print materials.

TOTAL OPERATING EXPENDITURES — Includes expenditures for wages and salaries for all employees, including fringe benefits, for library materials, for supplies, for binding and rebinding, for plant operation and maintenance, and for all other current operating costs.

TOTAL EXPENDITURES — Total operating expenditures plus capital outlay (for sites, buildings, construction, or remodeling, and purchase of vehicles and other major fixed assets) and debt retirement.

record of taxes levied by public library districts, 1985

The State Department of Revenue is able to supply the complete record of every tax levied in 1985 by each public library district. We show this information below for 1986-1987 separately for each county served in part by each library district.

The code for the special taxes is as follows. In a few cases there are two Bond and Interest tax levies. The tax rates shown have been rounded to three decimals; thus a rate of .002 may in fact be as low as .0016 and as high as .0024.

1 = Corporate Tax
2 = Bond and Interest
3 = Building
4 = IMRF
5 = Audit
6 = Liability Insurance
7 = Social Security
8 = Workers' Compensation
9 = Building and Equipment
10 = Working Cash Fund
11 = Unemployment Insurance
12 = Construction and Maintenance
13 = Land and Building Acquisition
14 = Prior Year Adjustment
15 = Special Levy
16 = Operation and Maintenance
